Pictured without cover

Prevents and treats low to very high pressure injuries (I - IV)
Ideal for clinical ward use and loan pool.

COVER OPTIONS:

Comfair cover

Knitted Polyester fabric.
Bottom rim: Polyester fabric with polyurethane anti-slip coating.

Incotec cover

Knitted Polyester fabric, coated with fluid resistant breathable polyurethane.
Bottom rim: Polyester fabric with polyurethane anti-slip coating.

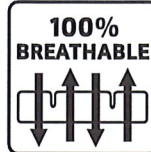

Vicair 4 is a multi-purpose air cushion providing the highest level of skin protection in all clinical environments (category I - IV).

**PRESSURE
ULCER
TREATMENT
I - IV**

Highest pressure skin protection

For prevention or use in addition with a P.A.C.treatment plan (category I - IV)

Optimal temperature regulation

Vicair 4 is 100% breathable, heat is being transferred and moisture regulated. This optimal micro-climate reduces the risk of tissue deformation.

Ready to use faster

Use as is. No pump, inflation or daily monitoring required.

Optimal hygiene

Vicair 4 is machine washable at 60° max for optimal hygiene when there is excessive sweat or incontinence. Cells are enclosed and cannot be removed. Wash cushion as is.

Safer fitting

To wheelchair or chair. It will even perform if it's placed incorrectly upside down or back to front.

More cost effective*

Vicair 4 is competitively priced on volume purchases versus other cushions available. When pressure risk, performance, ease of use, safety and rental program costs are compared.

Vicair 4 size information

Thickness Vicair 4 = 8cm / 4 1/4"
